4,000 Witness Rodeo Sunday

The LAKESIDE FARMER

VOLUME 11 NUMBER 45 — LAKESIDE, SAN DIEGO COUNTY, CALIFORNIA. — FRIDAY MAY 6, 1938

SUCCESSFUL FLOWER SHOW HELD BY LAKESIDE WOMAN'S CLUB

Another extremely successful flower show put on by the Womans Club of Lakeside was held Thursday of last week, April 28th in the Woman's Club House.

Numerous floral displays decorated the tables. An especially attractive display from Lindo Park was exhibited. It was the first year that the park had exhibited flowers.

Another beautiful exhibit was that of Edgemoor Farms which was non competitive. For several years they have sent flowers for the Flower Show.

Much commendation and honorable mention was given to the Wild flower display by the Lakeside Grammar School, especially by Mr. S. D. Osborne, who is connected with the County Department of Agriculture, who motored to Ramona to bring Mr. Frank Gander, Botanist of the Natural History Museum of San Diego, and Mr. John Morley, Superintendent of City Parks of San Diego, to Lakeside to view these flowers.

Judges in the Flower Show were Dr. Charles Knox of 1 Cajon, Howard Johnson of the La Mesa Nursery and Mr. S. D. Osborne.

Winners in the Flower Displays according to classification were:

Class: A

1st best rose—Talisman—owner—A. W. Johnson.

2nd—Mrs. Lulu McDonald

1st 3 best roses: Angela Pernet—owner: Mrs. Nini Einer.

2nd: Mrs. Sam McGredy—owner: Mrs. George Gibson.

Basket of roses 1st: Hoosier Beauty—owner: Mrs. A. R. Held

2nd: Pink radiance—owner: Mrs. George Miller.

Class B: Bulbs of six sprays.

1st Iris: Mrs. Geo. Miller

2nd Pink Watsonia: Mrs. Nina Einer

3rd Special Mention: Orithogalum: Mrs. Lulu McDonald.

Class C: Sweet Peas 25 stems

1st: Mrs. Clark Woodland

2nd: Mrs. Clay Hopkins

Class D:

1st Venidium: Mrs. McClain

2nd Calendula: Mrs. J. L. Laws.

Class E: Perrenials

1st: Mrs. Irma Howell

2nd Pinks: Mrs. Mary Kalstrom.

Class F: Flowering shrubs

1st Geranium: Mrs. Irma Howell

2nd Spyria: Mrs. B. R. Brown

Special mention Umbrella tree: Mrs. B. R. Brown.

Class G: Artistic Bouquet

1st Nasturtium: Mrs. Clark Woodland.

2nd Schizanthus: Mrs. Geo. Miller.

Class H: Best Minature

1st: Mrs. W. W. Wheatly

2nd: Mrs. Geo. Miller

Special: Mrs. Geo. Miller.

Class I Cacti

1st Ceras: Mrs. Evelyn Vance

2nd Rat Tail Cacti: Mrs. Louise Melville.

Class J: Iris

1st: Mrs. J. L. Laws

2nd: Mrs. J. L. Laws.

Great thanks is also extended to the others who contributed flowers

(Continued on Back Page)

GOVERNOR MERRIAM GIVEN RECEPTION

Although rain and slush predominated throughout the Round Up activities last Saturday—It was still a gala occasion for it honored the governor of the state of California, Governor Frank F. Merriam, who willingly consented to be present in Lakeside to dedicate Lindo Park, on Saturday April 29th.

The reception committee who met the governor and his party at the San Diego Club were William Sinclair, Tony Held, L. J. Scott, A. G. Mitchell, R. L. Swearengin, Byron Conrad and Walter Clapham. Two cars were used for the reception. William Sinclair drove his own car and Judy of El Cajon Machine Company drove the other car. They were escorted to Lakeside by a motorcycle Highway Patrol man.

The program preceding and following the governor's dedication consisted of the following:

A parade through Lakeside led by Governor Merriam who was then driven to Lindo Park where he witnessed from a platform erected high above the tennis courts several Mexican Fiesta Dances put on by 100 Marco Franchon Kiddies in his honor. The band then played Stars and Stripes Forever after which the various introductions followed.

Walter Clapham, who was master of ceremonies introduced Dr. Frank Gigliotti member of the State Welfare Board who gave the invocation. Other introduced by the master of ceremonies were Byron Conrad, Bob Swearengin, Ben Reid, Wm. Sinclair, Tony Held, L. G. Scott, A. G. Mitchell, Dr. A. P. Immenschuh, Florence Beadle, all of Lakeside and Mr. O. E. Mark who aided in the Round Up activities. Mr. Mark in turn introduced James De Lante and Dr. Frank Gigliotti and the guard of honor which consisted of the following men—C. H. Walz county dept. commander of the American Legion, W. A. Howard, commander of

FRANK MERRIAM

(Continued on Back Page)

Fire Truck Topic at C of C

Mr. Miller of the Fire and Forestry department at La Mesa spoke before the local Chamber of Commerce, his topic fire prevention and the means of securing a fire fighting apparatus for Lakeside. Mr. Miller says that by securing a fire truck for Lakeside the drop in insurance rates would soon pay for the equipment. B. J.Conrad, president of the chamber of commerce appointed Mr. Scott, Mr. Otis Barker and Mr Sinclair as a committee to seek ways and means of securing the needed fire equipment for Lakeside.

Mr. Helm, local postmaster, spoke on the coming National Air Mail week, May 12 to 19. He related many interesting facts on the astounding growth of the air mail service in the last twenty years.

Preceding the meeting a dinner was served to the members at the Rocchio Drug Store. Approximately twenty five members were present

Thanks Flossie

We the members of the Lakeside Merchants Round Up and business men of Lakeside wish to take this method of expressing our gratitude to Mrs. Florence Beadle for the fine work she has done in making the first Merchants Round Up possible. It was thru her untiring effort and leadership that help made this celebration a success. So again we say thanks Flossie.

Signed:

Fred Prindle, Freddie Prindle, Huffman Bros. Sam Maniscalco, John Angel, O. T. Aas, John A. Rocchio, Lee Mendenhall, Ben Reid, John Hartley, Dane Carender, Geo. H. Langworthy, Lakeside Bank, Clyde Changnon, Thomas F. Helm, C. O. Woodland, Otis Barker, Carlos Meadows, T. B. Butler, Bill Mayfield, L. J. Clevenger, Mabel Pepper, Emma Waldo, B. J. Conrad, and The Farmer Force.

Air Mail Week Starts May 15

National Air Mail Week, May 15 to 21, will celebrate the twentieth anniversary of regularly scheduled service which began with a trip from New York to Washington, D. C., on May 15th 1918. That 218 miles of route has expanded to 62,826 miles from Alaska to Argentina and from Bermuda to China. During Air Mail Week, every American citizen should make some concrete contribution to the further expansion of this service which forms the backbone of America's aviation industry.

It is requested that everyone try out the air mail service during the week, by sending at least one air mail letter.

For quicker delivery, it is advised that letters be sent by air mail special delivery. A special stamp covering both services may be bought at the Lakeside Post Office. Special delivery is particularly desirable if air mail letter arrives at destination on Sunday, holiday or Saturday afternoon.

Send all letters possible by air mail. Only three cents more may save days.

Lakeside Women Invited to Meeting

A county wide Home Furnishing Institute to be held in the House of Hospitality, Balboa Park on Friday, May 13th, is being planned for homemakers of San Diego County. This meeting is part of the Home Demonstration program carried on by the Agricultural Extension Service of the University of California. Beginning at ten a. m. and closing at three in the afternoon, the program will include talks on various phases of the home furnishing program, such as furniture selection, the buying of rugs, remodelling, home lighting, improvements of home grounds and planning the small house. Miss Jessie Lee F. Decker, Extension Specialist in Home Furnishing with the University of California will be present to discuss "A Long Time Home Furnishing Program for Each Home"

Farm Home Department women throughout the county have a special interest in this meeting as the home demonstration program is carried on largely through their organizations. They are extending to all women of Lakeside a very cordial invitation to attend the Institute.

Each of the following centers is preparing an exhibit to show some single phase of the home furnishing program—Alpine, Descanso, El Cajon, Encinitas, Escondido, Fallbrook, Jamacha, Jamul, Lakeside, La Mesa Heights, Mt. Empire, North Carlsbad, Otay, Potrero, Poway, Ramona, Valley Center and Vista.

AVOCADO MEETING MONDAY MAY 9TH

Chairman Russell Millar of the Farm Bureau Avocado Department announces a program on the report of the California Avocado Association trip to Atlexco, Mexico on which trip the orginator of the Fuerte avocado variety was duly honored by the presentation of a plague and medal by the California Avocado Association. It is expected that Judge F. D. Halm of La Habra will present the interesting happenings of the trip at the avocado department meeting to be held Monday evening, May 9th, at 6:30 p. m. in the Casa Del Rey Moro, Balboa Park.

Announcements will be made and progress reported on the plans for the annual California Avocado Association meeting to be held the 21st and 22nd of May by Dean Palmer, president of the California Avocado Assocation and J. G. France, charman of arrangements.

LOT'S WIFE

Remember, in the Bible, that Lot's wife turned into a pillar of salt because she looked back, instead of looking where she was going? Many a modern woman driver the Safety Department of the National Automobile Club warns, has turned into a telegraph pole for the same reason.

National Hospital Day May 12

For National Hospital Day, May 12th the Paradise Valley Sanitarium and Hospital is planning a most unique all day program. The actual voice of Florence Nightengale, mother of modern nursing, is to be reproduced from a record recently found in a London Museum.

Governor Merriam of California and Governor R. Sanchas of Lower California will be honored guests and speakers on the occasion. Dr. P. T. Magan, president of the College of Medical Evangelist of Los Angeles will also be a speaker.

A federal and a local band will furnish music.

All visitors and guests will be taken on a tour through the various departments of the Sanitarium and Hospital.

For its unique program of a year ago the Paradise Valley Sanitarium and Hospital was given first award by the National Hospital Association. The program was highly educational especially to the grade and high school students of Chula Vista and National City.

A cordial invitation is again extended to the public in general to be present for the all day program to be presented on Thursday May 12th, at the Paradise Valley Sanitarium and Hospital located in National City.

A caravan of some 200 cars is expected from Imperial Valley.

LETTER FROM MANILA DESCRIBES EVENTS

Mrs. Bessie Mallory recently received two more interesting letters from Mr. Charles A. Ver Plank, who is stationed aboard the U. S. S. Black Hawk which is now in Oriental waters.

Several of his letters have appeared in the issues of the Lakeside Farmer which have been so extremely well received that we pass the last two on to our readers.

The first letter dated March 5th, and appearing in this issue reads as follows:

Dear Mrs. Mallory:

Early Monday morning a very impressive ceremony was held on the quarterdeck of the U. S. S. Black Hawk when the Command of Destroyer Squadron Five changed hands. Captain H. A. McClure, U. S. N, who has flown the Commodore's flag over the Black Hawk for the past 23 months, was relieved by Captain P. L. Carroll U. S. N., the latter coming from duty in the office of the Chief of Naval Operations, Washington, D. C. We extend a hearty welcome to our new Commander and hope this duty will be a most pleasant one.

In addition to the three U. S. Navy cruisers which arrived in Manila from Australia and Singapore a few days ago, five British destroyers steamed into Manila Bay early Friday morning for a ten days visit. Needless to say, these many naval vessels present a most spectacular sight. It has been many years since the people of Manila have had the opportunity to act as hosts to so many navy men. The theatre owners and shop keepers are enjoying a thriving business. A Buffet Dinner and Reception is being held next Monday and Tuesday nights at the Army Navy Y. M. C. A., for the British enlisted personnel. Commander Destroyer Squadron Five along with the Army Navy Y. M. C. A., have arranged to entertain 200 American and British destroyer sailors on the two consecutive evenings, which will include swimming and bowling in the afternoons, followed by dinners and vaudeville entertainments. The services of a world famous Hindu Magician has been engaged for the two evenings and I am sure he will give the men a lot to talk about.

Another interesting Smoker was held in the Navy Yard at Cavite, P. I., last night. The fighting and wrestling stables of the Black Hawk and Edwards, competed with the Marines stationed in the Navy Yard and the stables of the visiting cruisers. The six wrestling bouts of the evening were followed by six bouts of hard and fast boxing.

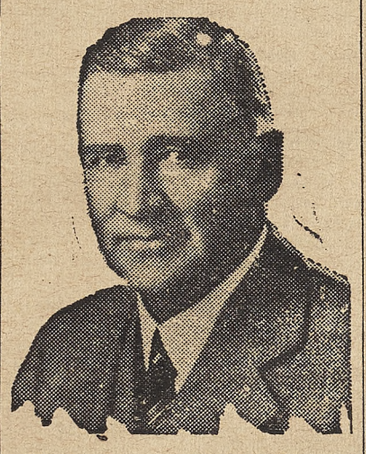

(Continued on Back Page)

SPANISH CLASS TO BE ORGANIZED

A Spanish Class is being organized to meet weekly in Wintergardens with Professor R. N. Freeman, of Bostonia. Beginners are especially invited. If interested, notify Professor Freeman by card, and further information will be sent. Class fee: twenty five cents.

COLORFUL PARADE HELD IN SAN DIEGO SATURDAY

Express Appreciation To O. E. Mark

The citizens of Lakeside are deeply grateful to Mr. O. E. Mark for his help in making the recent dedication of the Lindo Park play grounds an outstanding success.

It seems definitely understood that Mr. Mark will be a canidate for Judge of the Superior Court, and we understand an organization of over 2,000 of his friends urge his election on the basis of the following qualifications:

Early training, farmer, school teacher, worked his way through 2 universities. He has been in law practice in San Diego for 23 years, has had years of social service experience, and is a substancial tax payer. He is also an experienced mechanic and knows the laborers problem. He is a community builder who gave work and wages to hundreds of people during the depression often times a great financial risk to himself.

These facts emminently set for Mr. O. E. Mark for Superior Court Judgeship and the many pleasant contacts he has recently made in these communities will certainly go for towards insuring his success at the polls.

BUILDS TIRE TEMPERATURE

Do you know that excessive speed when negotiating sharp curves make the tires "work" rapidly, thus biulding up temperature, asks L. G. Evans, General Service Manager of the National Automobile Club. The factor of safety is thereby reduced and blowout hazards increased.

ENTERTAINED

Mrs. Vernon Scott entertained on Wednesday evening with a birthday dinner in honor of her husband's birthday. Those present on this occasion were Mr. and Mrs. Leon Scott and family of El Cajon, and Mr. and Mrs. Carroll Gates of Lakeside.

Despite the usual unusual California weather, four thousand spectators witnessed the 14th rodeo held by the Lakeside Rodeo Association at Lakeside, May 1st.

Preceding the rodeo a parade was formed at the rodeo grounds passing up Main Street and back along River Street, to the grounds where the grand entry opened the events on the program. Approximately two hundred and forty horses and riders took part in the colorful parade.

Following the grand entry judges and winners at the rodeo parade held in San Diego Saturday morning, were announced to the audience and received their prizes.

Regardless of the cold weather the general opinion was that this rodeo was the best held yet.

Following is the list of the first, second and third place winners in the various events:

Thoroughbred Race

Earl Smith first; John Hagen, second; Tod McElheney, third.

Calf Roping

Bob Whiting, first; Jess Hill, second; Eddie Dixon and Hans Starr tied for third.

Women's Pony Express

Tod McElheney, first; Slim Mackey, second; Jack Molinari, third.

Bronc Riding

Blondie Brunzell, first; Calgary Red, second; Bill Benagas, third.

Cow Pony Race

Tod McElheney first; Gorman Arnold, second; Len Perkins, third.

Wild Cow Milking

Bob Lee, first; John Traylor, second; J. O. Paxon, third.

Bull Riding

Tom Wood, first; Tex Sloan, second; Dick Sisson, third.

Steer Wrestling

Hans Starr, Bill Cody, John McFarlane, Tom Woods, Jess Crooks and Buzz Barton.

Men's Relay

Gorman Arnold, first; Len Perkins, second; Slim Mackey, third.

Cow Hide Race

Slim Beckett, first; Tom Woods, second.

Wild Horce Race

John Blackwell, first; Slim Beckettt second; Russell Duquette, third.

Special attractions during the rodeo were trick roping by Sam Garrett of Burbank, Calif. Diamond Dewey and his trained Buffalo and clown mule kept the crowd in an uproar with his antics during the afternoon. Beverly Ann Davey captivated the hearts of the people with her demonstrations on her trick pony. Also the trick riding performed by Sam Garrett, Nick Nichols and Hazel McCart.

Judges for the Rodeo were Ralph Jasper, Oliver Sexton and George Daley.

Timers: Wallace Phillips, Walter Clapman and Earl Fankhanel.

Clerks: Robert Swearengin and Mrs. Goodbody.

General Manager: Tom LaMadrid

WINNERS IN PET PARADE HELD LAST SATURDAY

Last Saturday morning at ten o'clock in Lindo Park a clever pet parade was sponsored by the Recreational groups from the various towns of Lemon Grove, El Cajon, etc. The Pet Parade was started by Archie Webb and proved to be most entertaining.

Winners of the Pet Parade were as follows:

Horses—Noris Weaver, first; Barbara Marks, El Cajon, second; Jimmie McClear, Lakeside, third.

Dogs—Bobby Carlile, Lakeside, first; Bill Word, Lemon Grove, second; Elenor King, El Cajon third

Cats—Charles Evans, Lemon Grove, first; Viola Cox, El Cajon, second; John Bremming, Lakeside third.

Clowns — David Stead, Spring Valley, first; Diania Holly, El Cajon second; Happy Stead, Spring Valley, third.

Other Pets — Gertrude Kruttenburg, Lemon Grove, first; Marv Abrahams, Lakeside second; Patrecia Grace Cooper, El Cajon, third.

Calfs — Ronald Melville, Lakeside, first; Robert Buckell, Lakeside, second; Jimmie Deninges, El Cajon, third.

David Stead of Spring Valley not only won first prize among the clowns but was awarded the grand prize.

Many interesting circus wagons and pets were here under the supervision of Mrs. Louise Morton, Recreational leader of El Cajon.

Mr. Eugene Vascher band master of the El Cajon school band supervised his band during the morning which was enjoyed by everyone.

Judges of the pet parade were the recreational directors, Mr. Lindley, Mr. Smith and Mrs. MacIntyre.

Mr. Van Sycle, head of the Federal Recreation in San Diego County was present throughout the day. Mr. Thomas Spencer, southern district supervisor of the Federal Recreational projects was also present.

P. T. A. HOLDS FINAL MEETING OF THE SCHOOL YEAR

Next Tuesday evening, May 10th, at 7:30 p. m. the last Lakeside P. T. A. meeting of the school year will be held as usual at the Grammar School.

The main speaker of the evening will be Nina B. Gregler of the Dairy Counco. She will choose as her top c Money Management. A musical program is also being arranged for this occasion.

Hostesses will be First Grade room mothers. Everyone is urged to attend this final meeting of the school year.

SOCIETY - PERSONALS - CLUBS

PLAY DAY AT STATE COLLEGE

On Friday April 22, twenty senior girls from Grossmont as well as girls selected from the various high schools in San Diego county were guests at the annual play day held at State College. Those from Lakeside who were represented from Grossmont were Myrtle Prindle, Carol Swink and Jane Phillips.

During the day the girls divided up sides and spent an enjoyable afternoon playing indoor. In the evening a free dinner was served to the group in the cafeteria at State College. Following the dinner a clever program was presented.

—x—

CELEBRATES 6TH BIRTHDAY

Michael Martin, son of Mr. and Mrs. Phillip Martin of Santee entertained his friends Tuesday afternoon in celebration of his sixth birthday.

Clever decorations and favors were in the Snow White and the Seven Dwarf motif.

A large decorated birthday cake and ice cream made tasty refreshments in the late afternoon.

Invited guests were: Thad Woodland, Ralph Sinclair, Mary Carlisle, Virginia and Phillip Jenkins, Gene Larson, Billy Brown, Stanley Smith and Howard Wilhite.

CHURCHES

LAKESIDE COMMUNITY CHURCH
Rev. T. I. Nalbach, Pastor
ANNOUNCEMENT OF SERVICES:
Sunday Services.
Sunday School—9:45 a.m.
Morning Worship—11:00 a. m.
Junior and Christian Endeavor meets Sunday at 6:45 p.m.
Other meetings:
Ladies' Aid first Tuesday of each month.
Mission Society 3rd Tuesday of each month.

CHRISTIAN SCIENCE CHURCHES

The subject of the Lesson-Sermon is "Adam and Fallen Man" on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

A Scriptural selection in the Lesson-Sermon includes the words of Paul to the Ephesians: "Let no man deceive you with vain words: . . . For ye were sometimes darkness, but now are ye light in the Lord: walk as children of light: . . . And have no fellowship with the unfruitful works of darkness, but rather reprove them. . . . But all things that are reproved are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepeth, and arise from the dead, and Christ shall give thee light."

One of the passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "It is well that the upper portions of the brain represent the higher moral sentiments, as if hope were ever prophesying thus: The human mind will sometime rise above all material and physical sense, exchanging it for spiritual perception, and exchanging human concepts for the divine consciousness. Then man will recognize his God-given dominion and being."

Seventh Day Adventist Bible Study—
Tuesday evenings—beginning at 7:30.
At the Minerva Baker residence on Lakeside Farms.
Reverend A. B. Huenergardt of Bostonia, pastor.

SAINT JOHN'S CHURCH
Episcopal
Bostonia, California.
Rev. Harold B. Thelin, Vicar.
Third Sunday after Easter.
9:00 a. m. Morning Prayer and Sermon. "Have ye any meat?" John 21:5
10:15 a. m. Church School.

SUMMER CAMPS FOR FRIENDLY INDIANS AND CHRISTIAN ENDEAVORS

Announcements for the coming camps to be held at Camp Marston for the young people of thiscommunity are now complete. The Friendly Indian camp dates are from June 23, continuing for ten days. Cost is to be $12. The conference for High School and College age young people is also at Camp Marston from June 13 to 19th. A fine group of leaders hae been arranged. The cost for this 5 day camp will be $6.50. A plan is being worked on by which money can be raised to defray part of the expenses for both groups. Anyone interested may get in touch with the church groups or speak to Mr. Nalbach. Watch for further announcements.

—x—

TO ATTEND CONCERT

Mrs. Marvin McCray and her brother Bernard Uulrich expect to motor to Los Angeles today to attend the concert this evening, presented by the Joint Men and Womens Glee Club of Pomona College, at the Philharmonic Auditorium.

They expect to meet friends from Pasadena, among who will be Miss Louise Ulrich and Marvin McCray, jr. The latter will return home with his mother and uncle over the week end.

—x—

MRS MINERVA BAKER HONORED ON BIRTHDAY

Mr. and Mrs. C. I. Jerabek, Mrs. Henrietta Jerabek, Mrs. J. R. Hefner, Jackie Baker and Miss Louise Finch motored to the Minerva Baker residence Wednesday to celebrate the latters birthday. The group brought a large pot luck dinner with them for this special and happy occasion.

—x—

BREAKFAST GUESTS AT KEOHLER HOME

Mr. and Mrs. Harry Keohler entertained last Sunday at breakfast for Mr. and Mrs. Rene Fair of Lakeside, Miss "Bubbles" Dieker and Pete Hittson of Brawley, Mr. and Mrs. Jack Sterratt of Del Mar and Mr. and Mrs. Ed Nickson of San Diego.

—x—

DRUM MAJOR

Miss Jane Phillips marched in the Lakeside Band group Round Up Saturday afternoon, acting as drum major for this gala day. She was garbed in a clever Cow Girl costume and made a most impressive picture as she marched down the streets of Lakeside.

—x—

RETURNS FROM MARE ISLAND

Lieutenant Commander Marvin McCray is returning this week end on the U. S. S. Concord which has been drydocked for the past four months at Mare Island. He will remain here indefinitely.

—x—

IN LOS ANGELES

Mrs. Olga Hartley left Sunday with Mr. and Mrs. Walter Hansen for Los Angeles where she will remain for a few days to transact business. She is expected to return to Lakeside the latter part of the week.

—x—

OCCUPING DE WEESE COTTAGE

Mrs. Anna Swearengin has moved from her home on Lakeside Farms to the De Weese cottage in Lakeside.

—x—

WEEK END GUESTS

Mr. and Mrs. Frank Burris of Brawley were week end guests at the Harry Keoler residence.

—x—

Mr. and Mrs. Chas. R. Rose were visitors at the home of Mr. and Mrs. L. D. Rose of Riverview Farms Thurs., April 27th. Mr. L. D. Rose is Russell's father. The former is Field Secretary for the U. S. C of C and is on his way from Ponce Porto Rico to Oakland, his wife's home, and will be leaving for the Orient some time next month.

—x—

Elder A. B. Huenergardt of Bostonia is closing the weekly 6th Day Adventist Prayer Meeting as Summer Camp meetings at Loma Linda and Lodi are being planned.

—x—

Mr. and Mrs. L. H. Smith of Lakeside Farms entertained Wednesday night for the members of the Fortnightly Bridge Club.

—x—

Mr. and Mrs. Eugene Koppel of San Diego were callers Sunday at the W. C. Koppel home.

—x—

TIP FOR TOURISTS

Loss of water through boiling after the engine has been shut off folling a long hard drive in hot weather is preventable, according to L. G. Evans, General Service Manager of the National Automobile Club. It is merely a matter of allowing the engine to idle for a few minutes before cutting off the ignition. It means gradual cooling.

NOT CONCEITED?

A certain young truck driver was heard to explain recently that after hours and hours of struggle last Saturday he finally managed to pull his huge truck out of the big ditch on Vine Street next to the carnival grounds, all alone. Now Whose Bragging!

GARDEN PILGRIMAGE PROVES FINE INCENTIVE TO BETTER GARDENS

Margaret Tipton Wheatly

Those city people who think they have a monopoly on gardens should have seen the posies displayed by the rural gardeners about our quaint village last Thursday. So much enthusiastic inspiration was engendered, in fact, that we (Lakeside Woman's Club) have decided to conduct a garden pilgrimage and go see the wonderous roses (climbing and bush) the old fashioned lilac hedges, the sweet pea rows, and all the other beautiful things which grow about our countryside.

We feel this is an adventure in neighborliness, and gives persons interested in gardening, an opportunity to visit the gardens of the four points of the compass about Lakeside. In this busy world we travel such well beaten paths (concrete highways) that seldom do we get off on the quaint country roads other than our own which gets us onto the pavement, or to see our intimate friends; that we are taking a day, two if neccessary, to see our acquaintances' gardens.

It will be a memorable day for all; of that I am sure!

Other Garden Tours

If you did not learn of this garden visiting soon enough to register your garden for this pilgrimage or to go yourself, please do not feel left out of the activity; because this is only the first of many such garden tours we plan for the year. (Some convenient registration blanks are at the Farmer office.) Remember, a garden that contains ONE fine thing is worth a visit. A path, pool, lath shelter, fence, anything that gives you pleasure may be an inspiration to your neighbor.

Are you going to have "glads", dahlia or chrysanthemum or other flowering plants, trees or shrubs; please let us enjoy it along with you. There is no cost, but that of friendliness and a desire to share with your neighbors your garden.

Garden Progress

Gardening progresses only as we learn of the more delightful; this by no means limits you to the new and exotic things; which thrive in our locality, and in what situation they do best. This is one of the determining factors in success with plants. Given the proper location a plant will surprise you by its growth. Planted in a situation not suited to it, it will do practically nothing. These visits to our neighbor's gardens will give us this information. It will call to our minds plants which in our busy lives we have forgotten.

Plants like other things have a way of getting tucked back in one of the recesses of our brain, but let us see it and more often than not, if our garden isn't already full, we visualize it in our own grounds.

We should keep our eyes, and our minds open to better things for our gardens. One day last week I saw a lovely small weeping tree belonging to the Melaleuca family. This group of plants do very well here, coming as they do from a like situation in Australia, they love the long baking they receive on our more or less hilly slopes about Lakeside. We should know more of this family. Recent importation include some lovely things. One called the Pink Melaleuca, has beautiful showy pink new foliage. An old dictonary calls it "hiloc tree", but it is known generally as the Bottle brush. So called because its blossoms resemble that object.

Science Church Opens New Edifice In La Mesa

The opening services in the attractive new edifice of First Church, La Mesa, was conducted on Sunday, May, 1, at 11 a. m. The church is located at 8.58 Allison Avenue in that city.

This new church home of the California Colonial style of architecture with stucco exterior, and the auditorium has a seating capacity of 210. The reading room of the church occupies the front wing with a novel arrangement for the display of Christian Science literature. The architect was Earl F. Giberson of San Diego.

The frist meeting of Christian Scientists in La Mesa was held in 1915 when a small group met in a second floor room. They spent the evening in telling of their healings of sickness and other benefits enjoyed in this religion and decided to meet every Wednesday evening. The group increased and regular services were soon established.

In 1916, a store building on Lookout Avenue was rented and in 1917 the Sunday School was started. The group continued to expand and in 1923 a larger auditorium was occupied. On April 10, 1924 the group was recognized as Christian Science Society of La Mesa, a branch of The Mother Church, The First Church of Christ, Scientist, in Boston Massachusetts, and in 1925 the lot at the corner of Palm and Allison Avenues, size 100 x 170 feet, was purchased.

With further growth the society became First Church of Christ, Scientist La Mesa, and progress was made toward the construction of the new edifice of the church.

The address is 8258 Allison Ave, La Mesa.

Services—Sunday morning 11:00 o'clock.

Wednesday evening 8:00 o'clock.

Sunday School 9:45 a. m.

OILING ROADSIDES OF SAN DIEGO

Contract has been awarded by the Department of Public Works for applying diesel oil at various locations of San Diego County, reports the Touring Department of the National Automobile Club. A total of 68.9 miles of roadside vegetation will be oiled in the process of extermination.

Mrs. Mary M. Bryan of Pomona and Mr. and Mrs. Ormand W. Bryan of Earlimart were visitors Sunday at the home of Attorney and Mrs. Allen G. Mitchell.

Two Billion Loss Cause By Insects

CONTROL OF PESTS ANNOUNCED BY CALIFORNIA SCIENTIST

By Ralph H. Taylor

Losses to American agriculture, caused by plant pests and insects, cost the farming industry more than two billion annually—as much as the United States spends, in normal years, for its entire program of national defense against foreign powers!

Consequently, any discovery promising to make for more effective and economical control measures, with a resultant reduction in farm losses is of immediate interest to farmers.

And California's splendid corps of research experts and scientific technicans, constantly at work at the problem, has repeatedly made important contributions to the unending battle against both plant diseases and pests.

Latest to announce a discovery, which he hopes will pave the way for inexpensive and non poisonous methods of controlling pests and insects is a University of California scientist, J. K. Ellsworth, who reports to the American Association for the Advancement of Science that he has learned insects are attracted to certain colors, just as men and women have color preferences in clothes and decorations.

By making use of their color preferences, Ellsworth predicts it will be possible to lure various kinds of insects into traps where they will be electrocuted—at small cost to the farmer!

One of the major pests affectng California fruit growers—the grape leaf hopper—will fly directly to a pale blue light, for example, but is not attracted to red or green, according to the scientist's report.

The California entomologist reports that in conjunction with fellow workers he used distinctively colored lights to trap leaf hoppers and many other insects. A system of electric light tubes, using neon and other gases which give a light of one color, was devised and put to test inside a cage, the bars of which were electrically charged.

He reports that the insects flew toward the light of their particular color preference and were electrocuted as they touched the bars of the cage.

As many as 5,000 insects were found dead around each trap nightly according to Ellsworth, who declares that one trap per acre is sufficient to control the insects.

And the cost of installing and maintaining the traps amounts to only $2 per acre for an entire season, his report indicates.

If the Ellsworth discovery works out in practice as it has in tests, it will undoubtedly be of tremendous value in controlling plagues of grasshoppers, chinch bugs, army worms, moths beetles and other insects.

Ellsworth predicts that the system for lights, with electric cages, will prove far less expensive and much more effective than poison baits and costly spray materials.

The use of such traps, in lieu of poisonous sprays, Ellsworth points out, would also eliminate the costly and tedious work of washing farm products, as now required under federal regulations to protect consumers.

As Ellsworth notes in his report to the Association for the Advancement of Science, the use of candles and bonfires to attract and kill insects is at least 200 years old.

But it has never before been established that monochromatic or single color light could be used as insect bait—with the color being varied to fit the color preferences and idiosyncrasies of individual pests.

In addition to the value of the discovery to farmers—if it lives up to expectations—Ellsworth also stresses that the innovation may have a definite value in combatting malaria and other human illnesses transmitted by insects.

Agriculture owes a very real debt of gratitude to its men of science who work unceasingly, and often with only small financial rewards, to aid the farmer in his battle against natural enemies. Every reduction in the two billion dollar annual loss occasioned by plant pests is a reduction in farm overhead!

RUN ON ALL ROADS QUORTER CENTURY

If you should drive away in your car at the rate of forty miles an hour in an attempt to cover every road in the United States and kept going eight hours daily at the same clip, your family could expect you back in twenty six years, or sometime in 1964. And a lot of things might happen during the period to prevent your completing the journey.

About two dozen new automobiles would be required in the course of the trip. On the basis of twelve miles per gallon of gasoline, more than a quarter million gallons would be consumed, costing approximately $50,000. Other items would be in proportion and lead to interesting figures, states the Automobile Club of Southern California.

The United States has 3,065,000 miles of highways, or nearly a third of the world total of 9,687,000, a complete survey recently brought to a close by theU.S.Department of Commerce shows.

Anglers Preparing for Trout Season

Weather conditions between now and May 1 will determine if Southland anglers return home with good, fair or poor catches on the opening day of the 1938 trout season, reports the outing bureau of the Automobile Club of Southern California.

The High Sierra country holds the spotlight for fishing this year, the club survey reveals, and opening day will see many eager anglers on the Owens Valley side. Although there is still a heavy snow pack in this section, the Owens river, Hot creek, June lake and Grant lake will be accessible. Unless continued warm weather causes heavy runoff, the prospects look good.

Despite recent flood damages to Southern California streams and lakes, the Waltonian should be rewarded with some far catches of trout locally. First reports indicated that fishing would be confined to the lakes but last minute inspections showed that a good number of sizable trout are still in Bear creek, Deep creek and Upper Santa Ana although these streams are high and roily.

California Fish and Game Commission officials have obtained 300,000 trout which will be planted in local waters.

Best local fishing will be in the lakes. Arrowhead looks good for the opening with the water high and fairly clear. Big Bear is very high, but conditions should be good for both bass and trout. Crystal lake is inaccessible by automobile and can be reached only by a long hike, the roads being washed out completely.

Little Rock reservoir suffered heavily during the flood, and work is under way clearing debris out of the lake. A large number of trout are supposed to have gone over the spillway, but it is believed that most of the fish are still in the lake. Boats are all reserved for opening day and many shore fishermen are expected.

Bass fishing promises to be good in San Diego county lakes. Henshaw is open now and is producing better catches each day as the water clears. Everett, Hodges, Lower Otay, Sweetwater, Morena, and Wohlford lakes all will be open on April 29. Reservation for boats is necessary and should be made early.

EXPERIENCED DRIVER REQUIRES WATCHING

It's the experienced man behind the wheel who knows how to drive safely but doesn't, rather than the beginner, who needs watching, advises the public safety department of the Automobile Club of Southern California. A national survey of 1937 trafic accidents revealed that 97 per cent of drivers involved in fatal crashes had more than a year's experience.

DISTRIBUTE WEIGHT FOR SAFER MOTORING

An important detail on long motor trips is proper distribution of passengers and baggage in the car so as to equalize the weight on all springs, suggests the Automobile Club of Southern California. If weight is properly distributed the average car will handle much easier and there is less danger of breaking a spring.

Shop Notes

By W. W. Wheatly

(Mr. W. W. Wheatly of Lakeside has consented to contribute interesting notes of shop and farm news to readers of this paper through its columns. Mr. Wheatly has many feature articles of farm news now appearing in Popular Mechanics magazine, Popular Science Monthly Country Gentleman, Successful Farming, Country Home, Farm Journal and other national magazines.—Editor)

Here at the beginning, a word of explanation in regard to the thought that suggests the name for this new department, may help to define its purpose.

It always pleases me to be able to find an excuse to do some work in my "shop." A rainy day fills me with a desire to make things, or repair things. And I believe that nearly all farmers have the same desire. In my own case, this feeling is no doubt due in a large measure to my experience as a boy, living on a ranch in Santa Cruz county, California. On rainy days I used to tag around after grandfather Galbraith, who spent much of his time during wet weather in his barn workshop where all the farm repair work was done. This shop was a wonderful institution. In it was kept a generous supply of various kinds of lumber. Even today a mixture of the pungent odors of redwood pine and oak takes me back in memory to that interesting farm department where the most marvelous thngs were constructed.

Blacksmithing, carpenter work, harness making and pipe fitting were all accomplished with equal dexterity by this experienced farm mechanic, and no doubt, some of the primary lessons in shop work this kindly old gentlemen taught me as a boy formed the foundation of my love for tools and the useful things that can be made with them.

Farm life, perhaps more than any other pursuit, seems to bring out one's latent mechanical ability in a great number of ways, and unless a farmer is, or can become, mechanically minded he will suffer under a continual handicap having to depend upon others to do simple jobs for him which he should be able to work at during odd times, or in cases of emergency, himself.

It is hoped that through this "Shop Notes" department it will be possible to pass on some of the useful ideas in regard to various ways and means the readers of The Lakeside Farmer can adopt to save time and money in the workshop, field or home.

And if, as may occasionally happen, a bit of homely philosophy slips in along with the telling about some new, surprising and useful tool or method to perform a particular mechanical job on the farm, you may not consider even that out of place, when it is remembered that while we are working in the "shop" we generally do a considerable bit of thinking.

Centralized Control of Highways Gains Throughout Nation

There is an increasingly strong trend throughout the nation, in in the interest of both economy and efficiency, toward centralized highway adminstration. This is shown with impressive figures by Public Roads, official journal of highway research, U. S. Department of Agriculture, Bureau of Public Roads.

At the close of 1930 there were 324,496 miles of highway under State control in the country as a whole. By the end of 1936 State controlled hghways had increased to 533,144 miles, a 64.3 per cent addition in six years.

The centralization movement which has made such great progress was begun on a broad scale by North Carolina in 1931. By assuming control of the State's 46,000 miles of county roads, North Carolina was the first to consolidate its entire rural highway system under the State highway department.

Several other States soon followed with complete centralization, and in the six year period referred to twenty one moved definitely into consolidation programs. During 1936 ten States registered extensive transfers to their highway departments.

In this State the Automobile Club of Southern Calfornia formulated a proposal four years ago for centralized control of all rural roads that would reduce local road taxes $13,000,000 to $14,000,000 annually, according to club engineers' estimates, and at the same time obtain greater efficiency in highway maintenance and development.

Mr. and Mrs. L. E. Rhodrier of Winter Gardens have moved to a cottage on Eucalyptus Avenue.

THE LAKESIDE FARMER

GOVERNOR MERRIAM GIVEN RECEPTION

(Continued from Page 1)

the El Cajon Post 303; Harry Kelk commander of Post 287 of La Mesa and Sargeant S. F. Sharpe and Mr. Beck, color bearers, Ramon Ames, chief of the Barona Reservation was then introduced and was followed by Charles W. Stream, Assemblyman, who gave a short speech after which he introduced the governor's party, Adj. General Harry Morehead. Captain Miles, Aid of Morehead; Ed Nuereon, Deputy director of Public Works of California; William T. Hart, Highway Commissioner and then the guest speaker of the day, Governor Merriam.

Governor Merriam dedicated the Lindo Park Playgrounds to the children of Lakeside and San Diego County and gave an interesting speech concerning the school activities.

Following the governor's speech Indian dancers performed before the governor, after which Chief Ramon Ames placed an Indian Headdress on the governor's head and proclaimed him honorary chief. In conclusion Reverend Thomas I. Nalbach gave the benediction.

Before the group left the platform a special act by Beverly Ann Davey and her trick horse "Rasputin" performed for Governor Merriam who presented her with a trophy of appreciation from the Lakeside Merchants Association.

An interesting program was also carried out in the evening on Main Street. Among which was Chief Ramon Ames and his troup of Indian dancers who gave several interpretations of their native dances.

The Grossmont Band deserves commendation for their hour of concert music as do the Meglin Franchon Marco Kiddies who presented a two hour program of Mexican and Spanish Dances and several comedy acts.

LAKESIDES BABY RHYTHM BAND

Lakeside's Baby Rhythm band, consisting of youngsters from the first grade of grammar school, should be given special recognition and applause for their May Day performance in Lindo Park.

Mrs. Roy Harford of San Diego spent Wednesday afternoon at the home of her daughter Mrs. Lee Mendenhall.

Manila Letter--

(Continued from Page One)

The home team came through with flying colors, for out of the seven entrees from the Black Hawk and Edwards, five crashed through with decisive victories.

The ring was built out on the base ball diamond, close enough to the grandstands to allow at least seven hundred fans to see with ringside accommodations. It was estimated that more than nine hundred fans were present, including two hundred and fifty British sailors from the five visiting British destroyers.

After reading about the raging floods that are striking in various sections of the States, especially those in Southern California area, I have been wishing more than ever that I might transfer your way a little of this ideal weather we are having now. These March days are hot but the nights are usually cool. We have had little or no rain except an occasional shower which helps to settle the dust and clear the atmosphere. But when the typhoon season begins, this area can not boast of the ideal weather such as we are having now. I understand the record rainfall of the world occurred here in Manila some years ago with a downpour of 48 inches in 24 hours. So you see it is not always the land of clear skies and gentle breezes.

Flower Show--

(Continued from Page One)

for the display and aided in its success.

Mrs. B. R. Brown extends thanks to those who contributed gifts for the prizes of the show. They are Baranov's, E. A. Edman (San Diego Jewlers) Butane Fuel Company (Mr. Max Cheeseman) Mr. Howard Johnson (Nursery on El Cajon Boulevard), Mrs. K. E. Bacon all of San Diego, Miss Floss Marie White (La Cabonia Shop in Balboa Park) Mrs. George Gibson, Mrs. E. D. Cox, Mrs. Nini Einer, Mrs. George Miller Mrs. Edward Dwyer, Mr. R. E. Hunt and Mr. A. W. Johnson all of Lakeside.

In the evening a program was presented which was most entertaining. It consisted of the following A humorous oration by Miss Lenore McCray of Dulzura and a humorous oraton enttled Under The Dryers by Miss Betty Jean Beals of La Mesa. Both girls are Grossmont students. Mr. Tom Calloway, comedian also aided in the evenings entertainment.

MOTHERS—DAUGHTERS RECEPTION AT GROSSMONT

Last Tuesday night the members of the Girls League sponsored their annual Mother and Daughter's Reception. It was reported that this Reception was the largest one ever to be held at Grossmont.

As each mother entered the High School Auditorium they were presented with a beautiful corsage. After which an evenings program consisting of tap dancing, singing, and a one act play was thoroughly enjoyed by everyone.

Tasty refreshments of ice cream topped with fresh strawberries and cake were also a delightful feature of the evening.

Jack Holland is now visiting his parents Mr. and Mrs. E. A. Holland of Lakeside Farms following six weeks cruise to Honolulu.
